

## Clifford Chance Badea advised EUR 500 million worth of green bonds in the first half of the year

**In line with the global strategy on sustainable financing, Clifford Chance Badea consolidates its advisory portfolio in the field of green bond issues and supports the development of this segment in Romania, having advised in recent months two transactions worth EUR 500 million.**

A team including **Radu Ropota** (*counsel*), **Georgiana Evi** (*senior associate*) and **Mihai Dolhescu** and **Nicolae Grasu** (*lawyers*) advised Nordic Trustee AS, as guarantor and bond trustee, in connection with a Norwegian governed EUR 200 million Senior Secured Green Bond Issue by a company owned by Alternus Energy Group PLC (Ireland), owner of five solar parks in Romania.

Separately, a multi-jurisdictional team of lawyers from **Clifford Chance** offices in Bucharest, London and Amsterdam advised MAS Real Estate, majority owned by Prime Kapital, in connection with the EUR 300 million green bond offer, which was successfully subscribed last week. The bonds are listed on the Euronext Stock Exchange in Dublin. The funds generated will be used for the acquisition and development of sustainable real estate projects in Romania.

The local team consisted of **Madalina Rachieru-Postolache** (*partner*), **Radu Ropota** (*counsel*) and **Dorin Giurgi** (*lawyer*).

"The green bond market has been growing significantly in recent years, as more and more issuers align their strategy to the general goal of limiting the impact of global warming," said **Madalina Rachieru-Postolache**, *partner and head of the Capital Markets practice with Clifford Chance Badea*. "Romania joins this wave of sustainable financing and we are pleased to have an active contribution to shaping this new market from the very beginning."

Last year, the law firm advised NEPI Rockcastle in connection with the EUR 500 million green bonds issue. The funds generated were used to finance projects aimed at increasing the performance of the real estate portfolio in terms of energy efficiency and sustainability.

**Radu Ropota** (*counsel*) adds: "Challenges inherent in the complexity of these transactions, which involved in the first case debt refinancing and financing of acquisitions of Romanian companies through the issuance of green bonds, and multi-jurisdictional coordination (Great Britain, Ireland, British Virgin Islands, Isle of Man, Malta) in the case of green bonds issuance by MAS Securities BV also brought great professional satisfaction. Even more so because the transactions were successfully finalized and the resulting financing targets sustainable development.

We are happy to support our clients and help them 'plant a tree so we can sit in the shade in the future', to paraphrase Warren Buffett."

The first green bond financing project advised by Clifford Chance Badea took place in 2018, when a team coordinated by Cosmin Anghel (counsel) provided advice on Romanian law aspects to the banking syndicate formed by BNP Paribas, HSBC, JP Morgan and UniCredit in connection with the green bond issue launched by German-based wind turbine manufacturer Nordex Group, amounting to EUR 275 million.

Fully integrated in the global Clifford Chance network, the Capital Markets practice of the Bucharest office ranks Tier 1 by all international legal directories. The firm provides legal advice to shares and bonds issuers, as well as syndicates of arrangers in Capital Markets transactions. Transactions are often advised by multijurisdictional teams generating an optimal mix of local expertise and global know-how. When needed, clients benefit from a full-service practice of English and American law.

Also, lawyers are constantly advising client companies on compliance and alignment with the capital market legislation on aspects such as market abuse, the legal framework related to inside information, the obligation to launch mandatory public offers, transparency obligations, etc.

*The most recent portfolio includes, among others:*

1. **CTP N.V. IPO** - Advising a syndicate of international investment banks including Erste Group, Goldman Sachs, Morgan Stanley, Kempen & Co, UBS, ING and Raiffeisen Bank by a global team of Clifford Chance lawyers in relation to the initial public offering and listing of CTP N.V. on the Euronext Amsterdam exchange, a transaction valued at EUR 854 million.
