

## The Home joins Logikor Bucharest II Logistics Park

**Logikor, a leading owner, manager and developer of European logistics real estate, has welcomed The Home, a furniture & lighting online retailer to Logikor Bucharest II Logistics Park.**

The Home currently has two physical stores in Bucharest and Cluj and has signed a total c.8,000 sqm lease contract with Logikor from which it will distribute its products to stores and customers directly.

Logikor Bucharest II Logistics Park is an ideal location for The Home to conduct its distribution operation as it has direct access to the A3 highway, connecting Bucharest Northern and Eastern Areas as well as the city centre and the Henry Coanda International Airport.

**Corina Pascal**, *co-founder of The Home*, said: “We are continuously expanding our business and, building on last year’s growth and our decision to broaden our operations to nearby countries, moving to a new logistics warehouse came as a natural next step. We are confident that this logistics location will help us to optimize delivery times and provide solutions that meet our client’s needs whilst helping us continue to expand our range of products and provide qualitative services.”

**Mihai Diaconescu**, *Director Asset Management, Logikor Romania*, said: “The Home is a young, successful and entrepreneurial business with great prospects for the future that, like many other e-commerce customers, has been facing increased pressure to meet even more complex logistical needs.

“As we continue to develop market-leading facilities for the e-commerce industry, Logikor Bucharest II Logistics Park stood out as the right fit for their needs, and we are glad to support their future growth through modern and customized logistics solutions.”

Logikor Bucharest II Logistics Park is sustainably developed and well-located, currently providing customers with a total area of c.39,000 sqm of state-of-the-art warehouse space.
