

CMS shares IFLR Structured Finance & Securitisation Deal of the Year for Europe win

Led by Corporate partner **Rodica Manea** on the Romanian part, CMS was a key adviser to **B2Holding Group** in the highly complex cross-border restructuring and securitization of its secured loan business with **Pimco** as the anchor financier. The transaction achieved Oslo-listed B2's goals and enabled them to access a new source of finance.

The *IFLR Europe Awards* focus on Europe's most innovative legal cross-border work and the law firms advising them.

CMS teams in Romania, Austria, France, Italy, Bulgaria, Croatia, Slovenia and Serbia advised on this transaction, which spanned eight jurisdictions and developed a hybrid transactional structure that would work across the varied countries, unique in many of the jurisdictions.

Rodica Manea comments: "We are honored to have advised on this deal, and to share the honours of winning the IFLR's 2023 Structured Finance & Securitisation Deal of the Year in Europe. This confirms CMS continued efforts to maintain its leading position in the legal market and represents our firm's commitment to excellence and our deep expertise in the field of financial services."

The *CMS Romania* main team advising B2Holding included **Alina Tihan**, **Raluca Ionescu**, **Simona Strava** and **Diana Dona** (Corporate & Finance). The wider team included **Claudia Nagy** and **Cristina Ciomos** (Corporate); **Cristina Popescu** (Commercial); **Cristina Reichmann** and **Adina Nanescu** (Finance).

The award ceremony was held on 3 May in London.
