- 3-5 years of professional experience as a Real Estate lawyer, including transaction exposure and due diligence projects;
- solid knowledge of civil law and real estate regulations;
- ability to handle multiple legal matters in a demanding work environment with attention to details and mindful of client needs;
- well-organized team player, with a proactive attitude and positive approach to work;
- proficiency in English.

ROLE DESCRIPTION

As a member of our **Real Estate** team, you will have an active role in:

- providing comprehensive legal services for transactions involving real estate, including on share deal and asset deal transactions;
- drafting, reviewing and negotiating contracts, including land lease agreements, rental agreements, contracts for the sale of real estate, construction agreements;
- performing title investigations and due diligence reports, including agricultural lands and renewables development;
- providing services related to development projects – residential, office, warehouse, and retail.
- developing professional relationships with clients.

BENEFITS

- Motivating performance-oriented pay;
- High-profile projects;
- Opportunity to work and develop in a dynamic professional environment.

Candidates looking for an intense professional development in a motivating and friendly professional work environment, where excellence and team spirit are promoted, are kindly asked to send their CVs to
