

Bondoc & Asociații assisted TDI Renewables, one of the major players in renewable development, in an international restructuring

Bondoc & Associates assisted one of the major players in renewable development, TDI Renewables and its subsidiary, the Romanian – Israeli partnership ASRA Engineering in connection with an international restructuring aimed at splitting several renewable portfolios in Romania.

Bondoc & Associates also assists the group in connection with the whole range of legal issues related to project development, including in the context of project assessment by large energy companies, project financiers and EPC contractors.

The team is led by **Monica Iancu**, Partner and includes **Ionel Macovei**, Senior associate, **Matei Vilcov**, Senior associate and **Vasile Soltan**, Associate as well as other partners and associates within the firm that contribute with their relevant expertise and experience to the multiple projects of the client.
